**Herd Dispersal on behalf of Mr J Miller, Airy Holm, Kiln Pit Hill**

Hexham and Northern Marts held a suckler herd dispersal on behalf of longstanding customer John Miller, Airy Holm, Kiln Pit Hill, Co Durham and offered 40 incalf stock cows and heifers due to the pedigree Angus bull.

A useful crowd of buyers gathered at the ringside to witness the herd selling well throughout and above the vendor's expectations.

Topping the sale at £1520 was a 2017 born Blonde cross heifer, 6 months Incalf and having been sourced from Roxburghshire. This one went home with her new owners to the very same region of the Scottish Borders amongst a packet of four of the best examples sold on the day. The dearest cow, a 2015 born third calving cow, bred by George Walton, Allensgreen, Bardon Mill sold for £1500 and remained in Tynedale.

The company would like to thank Mr Miller for entrusting this important dispersal to ourselves and wish the Miller family well for the future.
